Education Department: Medical Marijuana Policy

The education department at Northampton Community College recognizes its responsibility to fully inform students of NCC’s medical marijuana policy at the time of acceptance. Please read the following policy carefully and acknowledge your understanding by signing and submitting this form with your required program paperwork.

The Pennsylvania Department of Health is currently implementing the Pennsylvania Medical Marijuana Program, a component of the Medical Marijuana Act (MMA) that was signed as law on April 17, 2016. This program provides access to medical marijuana for patients with serious medical conditions as defined by the Pennsylvania Department of Health.

At this time, the Federal government regulates drugs through the Controlled Substances Act, which does not recognize the difference between medical and recreational use of marijuana. Under Federal law, marijuana is a Schedule 1 controlled substance, meaning that it is considered to have no medical value. Medical practitioners may not prescribe marijuana for medical use under Federal law.

Students entering NCC as education majors must complete program-specific field experience hours in a variety of school-based settings. To ensure the safety of each student and the school/program setting, NCC education students must adhere to the following:

- NCC Students are not permitted to use medical marijuana while on the premises of field experience sites;
- NCC Students are not permitted to report to field experiences “under the influence” of medical marijuana;
- NCC students can be suspended from field experiences if found to be “under the influence” of medical marijuana.

I hereby acknowledge that I have read and understand NCC’s Education Medical Marijuana Policy.
